

The original: 23 MAXXIS BIKE Transalp from 5-11 July 2020 / Super Early Bird Registration

Transalp challenge for 2020

560 kilometres, 18.500 metres of climbing, lots of sweating, adrenalin and emotions are behind the participants of the 22 MAXXIS BIKE Transalp 2019, leading over seven stages from Tux in Austria to Molveno in Italy. The reward for all the effort: Great mountain views, unforgettable experiences and the final jump into the turquoise water of Lake Molveno in the new finisher trikot. All those, who want more or looking for a new mtb challenge for next year, should save the date for the 23rd edition of the original: 5 -11 July 2020

Bielefeld/Hamburg/Munich. Participants that register before the 15th of September, get a discount of 100 Euro, no matter if you are a team or single starter. With the Super Early Bird registration you only pay 799 instead of 899 Euro for the seven-day adventure.

Since the first edition in 1998 the race led in eight, since 2014 in seven stages on yearly changing routes across the Alps to Italy. This year for the first time, also individual riders got the permission to take part in the race; almost 200 mountain bikers took this chance. Again in 2020 there will be the possibility to do the BIKE Transalp both in a team and solo. The 2020-course will be announced this autumn – but we can already tell, there'll be once more spectacular views, tough climbs and flowing trails.

„BIKE Transalp is addictive“, says MTB Blogger Petra Zeller from Austria. In 2007 she finished her first BIKE Transalp. Ever since, she is one of the repeaters. She even rode the stage race in a traditional dirndl – that eases the atmosphere and makes it even easier to get in touch with other riders. After all for most of the hobby riders, having fun on the track is much more important than reaching a good position.
